REDWOOD POLICE SCORE IN ARREST

A man said to be Simon Bube, desperate criminal who has been sought throughout the state for his part in the Moss Landing affair some time ago in which Deputy Sheriff Rader and Sheriff Over were both shot and the former killed, was arrested here Monday by the local police. The man is said to be the operator of the machine gun which was used with deadly effect at that time. Since the clash between the sheriff's forces and the rum runners at Moss Landing, the police of the entire state have been on the lookout for Bube. He was traced to Redwood City and Chief of Police Collins was given information as to the whereabouts of the desperate criminal. He was also told that the man was heavily armed and would shoot if any attempt were made to take him.

Chief Collins determined to secure the man through an artifice, and so skillfully were the plans laid that Bube was captured without a struggle. It was learned that Bube was working on a house in town as as a carpenter, and was living in a room of the unfinished house. Collines, therefore sent Plumbing Inspector Drathman to inspect the pumbing. Officers Stanley Woods and Eddie McAuliffe, disguised as plumbers, accompanied Drathman. Collins and the other officers then surrounded the house to give aid should the plan fail.

The three men found Bube at work and when he was thrown off his guard by the request of Drathman to be shown the plumbing, Officers Woods and McAuliffe covered him with their guns and ordered him to throw up his hands. While the two officers guarded the man, Drathman slipped a pair of handcuffs on him, and searched his pockets.

A search was later made of his room which disclosed the fact that Bube was prepared to fight. A machine gun was found together with 1000 rounds of shells, a loaded rifle, a revolver, and a long dirk.

Bube was booked at the county jail and immediately sent to Salinas, where he was wanted on a grand jury indictment for murder. When questioned at the jail here Bube confessed his participation in the Moss Landing affair, but denied having been the one to use the machine gun against the sheriff's posse. He said that he had been shot in the fight at that place and showed a scar on his thigh. He stated that he had been taken from Moss Landing to Sausalito and then to El Cerritto, where he had been in hiding since until ne came to Redwood City recently.

NEW RADIO STORE PLANNED FOR BROADWAY

R. G. Boles, who for some time past has been engaged in the radio business in this city, has entered into partnership with Robert Klassen, deputy county surveyor, and the two men will open a first class radio store in the Gardiner building on Broadway within the next two weeks. A store has been leased and is now being fitted for the new business.

It is the plan of the two men to make this store different from any other radio shop on the peninsula, in that it will be fitted up as a luxurious living room, in which the customers, may sit at ease in easy chairs and listen to one set after another by merely turning a button. The agency for several high class makes of sets has been secured, and only the best materials will be sold.

New Operetta to Be Staged Dec. 4

"Bits O'Blarney," the latest operetta produced by Otis M. Carrington, local composer, will be staged by the musical department of the Sequoia Union High School on Friday evening, December 4. The new operetta, like the other operettas produced by Myers & Carrington, is full of catchy airs and melodies. The style is that of the old Irish airs, and the costuming will carry out the Irish effect.

The music firm of Meyrs and Carrington has received nation wide recognition for the excellence of its school operettas. The first to attract wide attention was the Windmills of Holland, staged for the first time by the high school here in 1912. Since that time many others have followed and each has been received by schools throughout the country with appreciation. "Bits O'Blarney," the latest which will be shown for the first time here, is said by those who have heard the music to surpass any heretofore produced by the local composer.

YOUNG COUPLE WED; SURPRISE TO FRIENDS

Raymond Kroeck and Miss Beatrice MacDonald, two prominent young people of this community, were secretly married at Stockton two weeks ago. They did not let anyone into their little secret but the arrival of the wedding announcements this week disclosed the affair of hearts. Mr. and Mrs. Kroeck are graduates of Sequoia Union High School, where the pretty romance had its inception some years ago, and culminated in marriage at the Slough City. Mrs. Kroeck after leaving high school became a trained nurse and for some time nas been following her profession at Stanford hospital in Palo Alto. Mr. Kroeck is a student at Stanford. The pretty bride is a daughter of Mr and Mrs. A. MacDonald of San Carlos. The groom's parents reside in Redwood City.

COUNTY SCIOTS BAND BAGS FIRST PRIZE

The Sciots' band of Pyramid No 25. at San Mateo was successful in winning the first prize for a pyramid of its class. This prize was won in competition with the bands from Oakland, Berekeley, Sacramento and Pasadena. The bands form the class B. section. San Mateo's band was directed by George M. Wehr of Burlingame. The prize in the Class A. section was won by Fresno Pyramid. The San Mateo band was organized only three years ago, and only three of their number had played any instrument prior to that time. The prizes were awarded at the fifteenth annual convention of the Sciots held last week at Stockton at which were representatives of all pyramids in California and from one pyramid in Nevada.

Many progressive issues were taken up at the convention, chief among them being the adoption of a resolution to start a Sciot Home for convalescent children. The home will be built on a site now owned by Sciots in the Santa Cruz mountains. This measure was originated, and has been sponsored for the past three years by San Mateo pyramid. The members of this pyramid feel gratified in being able to initiate this worthy proposition.

On Saturday the 7th, Stockton witnessed the largest parade in its history according to the papers, all pyramids of California, 43 in number and one from Nevada were represented in the parade with bands, Lybian Guards, drum corps or other uniformed bodies, the latest uniformed body to be formed being the Ladies Auxiliary, these beng represented this year by only two pyramids, Fresno No. 10 and Eureka No. 20 The competitive drill was won this year by San Diego No. 32 with Eureka No. 20, taking 2nd place.

The newly elected officers of the Supreme Pyramid for 1926 are as follows: H. D. Maynard, Pharoah; J. A. Lynch, Supreme Mobib; Ross Poole, Supreme Armeses; E. W Dort, Supreme Pastophori; W. W. Thompson of San Francisco No. was re-elected Supreme Chancellor; and Karl Eber, re-elected Supreme Scribe Byron Blois of Palo Alto was re-elected Supreme Trustee.

The Supreme session for 1926 will be held in Santa Cruz under the auspices of Watsonville Pyramid No. 16.

Among those present were Mr. and Mrs. P. E. Brand, Mr. and Mrs. H. Potts of Redwood City; G F. Walker of San Carlos; Judge Geo. A. Kertell, Al Zimmerman, Dave McCullough, Mr. and Mrs. H. N. Jones of San Mateo; Mr. and Mrs. R. W. Allen, Mr. and Mrs. C. E. Fowler, Harry Levitt, Henry Bosch Jr., F. C. Anders, Mr. and Mrs. Ray Kelsall, Mr. and Mrs. Walter Vincent, F. G. Spencer, Barlo Ferguson of Burlingame; J. Bergman and A. A. Splund of San Bruno; W. R. Waelty and J. A. Riordon of South San Francisco and Mr. and Mrs. Lang of Daly City.

The delegates to the Supreme Session from San Mateo Pyramid No. 25 were F. G. Spencer, Henry Bosch, Jr., W. R. Waelty, C. E. Fowler, and P. E. Brand.

LOCAL DRUIDS INSTALL OFFICERS

Redwood Circle No. 100 Druids of California held their installation of officers at their regular meeting last Monday night in the I. O. O. F. hall. The following members were installed: Arch Druidess, Elizabeth Pellegrini; first bard, Mary Casserretto; second bard, Clara Keown; conductress, Adaline Clark; conductor, Grace Dogers; inside guardian, Alma Gherity; outside guardian, Frances Strong; past arch druidess, Louise Steward; trustees, Elizabeth Oliver, Nettie Sepulveda and Charles Strong; auditors, M. H. Oliver, Kateie Ross and Fred Mezenhelder; organist, Rose Pierce; financial secretary, Rose Chapman. The appointive officers were Nettie Sepulveda, Katie Pierce, Mable Hawkes and Anna Carrere.

District Deputy Grand Arch Druidess Mary T. Becker of San Francisco, issisted by members of her own circle installed the officers. The escort team was composed of the following members: P. A. D., Rose Casaretto, Nettie Sepulveda; P. A. D., Katies Ross and Rose Chapman. Mrs. Ross presented the new arch druidess with a beautiful bouquet of flowers.

After the installation of officers, all present retired to the banquet room, where a delightful spread of chicken, hot rolls, home-made apple pie and coffee awaited them. The tables were artistically decorated with the colors of the order, red, white, blue and green.

The high school orchestra, composed of the following young men: Earl Gehrety, Bill Kellogg, Jack Bruce, Bud Kellogg and Sonny Havey, furnished the music for the evening.

Mrs. Alma Gehrety was chairman of the committee in charge, and too much credit cannot be given her for the wonderfully efficient manner in which she managed the affair.

WORDING SELECTED FOR MEZES MEMORIAL TABLET

At the request of the board of supervisors, Attorney George Ross of this city last Monday presented to the board a suggested inscription for the bronze plaque to be erected in the rotunda of the court house. The plaque will commemorate the gift to the county of San Mateo of the land upon which the court house is built.

Attorney Ross was the legal adviser and friend of S. M. Mezes, pioneer of this county, and was one of the first to urge that some action be taken to commemorate his memory. It was therefore thought proper by the board that the inscription be suggested by him. The wording submitted for this purpose by the local attorney was "In memory of S. M. Mezes, founder of Mezesville, now Redwood City, and Solodad O de Arguello, Jose Ramon Arguello and Louis Antonio Arguello, in whom title to the Rancho de las Pulgas, containing 35,240 acres, was confirmed by the Supreme Court of the United States, donors for public use of the land upon which this courthouse now stands."

Woodside Notes

Dr. Alanson Weeks of San Francisco will move into his new home, just completed, on Wednesday of next week. This is a very attractive house featuring an unusually large living room and out-door sleeping porches built around a large paved courtyard. An interesting feature, providing facilities for broiling steaks and roasting chickens and otherwise preparing food in fair imitation of camp life. The Gallagher home adjoining the Weeks place will be ready for occupancy in about two weeks.

The most elaborate of all Woodside residences is the one being built for Daniel C. Jackling. This follows the Spanish mission type of architecture and will cost in the neighborhood of $300,000.

Much interest is being taken here in the Bazaar to be held on Saturday by the Redwood City Woman's Club at Odd Fellows' hall. Mrs. H. C. Finkler is to be in charge of the fortune telling booth, Miss Vera Gerwin will have chage of the white elephant, Mrs. Stevenson of the fancy work, Mrs. von Savoye of the toys and Mrs. Gish of the food booth. Coffee and cake will be served during the day and evening by Mrs. Dusell. The drawing for the big doll will take place at 8:30.

A football game has been scheduled between the local school and Portola to be played on the home grounds next Friday afternoon. Enthusiasm runs as high here as that in Palo Alto over the big game to be played on the following day.

Letters were received this week from the family of John McCann who are now in Spain. They have been in Europe for five months and expect to return about the first of the year.

Nine cows from the Gilman Ayrshire farm have been sent to the stock show being held in Berkeley this week. The Gilman herd has some of the finest Aryshire cattle to be found on the coast, and these particular cows were as carefully groomed for the show as any young girl attending her first ball.

GAS RATES TO BE LOWERED BY P. G. & E.

Users of manufactured gas in this section will have cause of thanks on Thanksgiving day, according to an announcement made this week by the Pacific Gas and Electric Co. This company has announced a decided reduction on the price of their gas to become effective on that day. The reduction in this territory will be 3 recents. The company last month reduced the rate 8 cents. Reductions of varying amounts from 3 to 5 cents will become effective throughout the territory seryed by this company on Thanksgiving Day.

This reduction by the company is made possible by the falling in price of fuel oil from which the gas is manufactured. The thrifty housewife who has formerly prided herself on having Thanksgiving dinner ready before hand, will this year, show her business ability by waiting for Thanksgiving to start her cooking.

BIG WATER MEETING HELD IN RAVENSWOOD DISTRICT

The enterprising and progressive citizens of the Ravenswood School District which includes Runnymede, North Palo Alto and Ravenswood are bending every effort to secuer a water district for their growing community. They held another big meeting last Monday night in the school auditorium. The committee of 20 that was apointed to investigate the proposition and to formulate a report was present and made a partial report.

George Kneese, the county surveyor, appeared before the meeting, giving a detailed account of the procedure and the nature of the district to be organized. He said the assessable property was $412,000 and that more than $80,000 could be raised for the proposed system. He saw the feasibility of such a system but to give an accurate account of its organization more time would be required to go into the proposition in detail so that a complete report could be made. Mr. Kneese very generously volunteered his own services for the work, but said a small charge might be made for the labor of experts in securing data.

Among those who spoke in favor of the organization of a water district for the territory included in the Ravenswood School District were J. H. Sullivan, who presided at the meeting, James T. O'Keefe, M. X. Kavanaugh, J. H. Stubbe, Joseph B. Gordon, Mr. Wheat, A. Grove, Mr. Nifing, Charles Hill, Mr. Romes and Mr. Steere. All the addresses favored the organization of the proposed district urging that it would add to the development of that part of the county. There were but few voices against the proposition.

It is proposed to secure the water from the Spring Valley Water Company and later from the Hetch Hetchy whcih in time willfurnish water to all the southern section of the county. This is inevitable for there is no other source that will furnish a supply to that rapidly growing section. The people of Ravenswood are pioneers in the movement of securing the Hetch Hetchy water and starting out right and in the proper direction.

George Kneese was authorized to secure the required data concerning the proposed water district and to report to the committee as soon as possible.

Even those having wells and a sufficient water supply agreed that the water was needed for fire protection and that the community would not develop without it.

Mr. Stubbe declared that he had a splendid water supply from deep yells but was heartily in favor of the new district and would use the water as soon as it was available.

Other property owners with an ample water supply made similar speeches which shows the enterprise and progressiveness of the people of that prosperous locality.

Another meeting will probably be held this week to work out the details of the enterprise.

PAPERS FILED HERE FOR BROADCASTING STATION

Articles of incorporation for K. F. O. B., a broadcasting station to be located at Burlingame, were filed this week in the office of County Clerk Elizabeth M. Kneese. The incorporation is for a term of fifty years. The names of the directors of the new concern are Harry W. Regan, Albert Sherman, Willia N. Maguire, George W. Williams and William L. Glasscock.

MENALTO TRACT TO BE PLACED ON MARKET

The Menalto tract of thirty acres, and a portion of the O'Keefe tract at Ravenswood, will be placed on the market next week when many sales will be consumated. Since the tract was first subdivided months ago there has been a big inquiry for the property so that it is just possible that the entire holding will be closed out in a short time. This is the best locality on the peninsula for investors to place their money, for when the Dumbarton bridge is finished in January next, property in that locality will double. This tract lies on the main road to the bridge and is about a half mile from the business district of Palo Alto, and lies just in the shadow of the big university. The lots will be sild for $450 and upwards.

$50,000 BOND FILED FOR COYOTE BRIDGE

With the filing yesterday of a $50,000 performance bond by the Raymond Concrete Pile Co. of New Jersey, the first definite action toward the actual construction of the Little Coyote Bay Bridge was made. The bond insures the completion of all work, preliminary to placing contracts for the work.

The bridge as at present planned, will extend from the San Mateo county shore at Little Coyote Point to a point on the Alameda county shore, near Hayward. It will cost in the neighborhood of $10,000,000.

A receipt from the Raymond Concrete Pile Co. showing that they have paid $50,000 for doing this work was also filed yesterday.

BIG CROWD EXPECTED AT BENEFIT DANCE

The benefit dance being given this evening to raise funds for the big community Christmas tree is expected to attract the largest crowd of any affair this season. The dance is being given by the committee in charge of the tree, and all funds realized from the affair will be used exclusively for this purpose. The hall for this occasion was made available through the kindness of the Old Timers' Club, who had it leased for every Saturday night. On this occasion they have turned the hall over to the committee for the dance.

All the sub committees are working hard to make the Christmas tree this year even a greater success than it was last year. Many organizations have joined with the committee to aid in this undertaking. Those which which named members to aid the committee since those published last week are as follows: Women's Auxiliary, Mrs. McAuliffe and Mrs. Mary Winter; Rebekahs, Mrs. W. Keller; Neighbors of Woodcraft, and Mrs. B. W. Rogers; Sequoia Union High School, Miss Cowden; Eastern Star, Mrs. W. W. Thompson and Mrs. A. Thompson; Painters' Union, Parker Townsend; Carpenters' Union, Chris Cussen; Owls, John Rolla; Boy Scouts, Stanton Mullen.

The committee expects to spend about $400 on the tree this year. A large part of this is expected to be raised by the dance tonight. The remainder will be made up by individual donations.

PERMISSION FOR SUBWAY CONSTRUCTION OBTAINED

Final permission was granted this week by the Railroad Commission for the construction of the quarter million dollar underpass which will take the east side highway under the tracks of the Southern Pacific railroad. The cost of this great undertaking has been apportioned as follows: to the Southern Pacfic Co. 38% to the South San Francisco Belt Line Railroad, 4 1-2%; to the California Highway Commission, 5 1-2%.

The South San Francisco grade separation is by far the largest and most ornate yet planned for the California state highway system. It will have a clear roadway width of forty feet, and at one side a separate subway, ten feet above the grade of the road will accommodate an eight foot sidewalk. Preliminary estimates place the cost at $260,000.

Building of this great subway is necessary to make useable that section of the Bay Shore highway now under construction from South San Francisco to Broadway station. The construction of the subway and the surfacing of the graded sections are expected to be made a part of the commission's 1926 construction program.

The deck of this great subway will provide space for sixteen lines of railroad, although only eight tracks are in use at this point at the present time. Future expansion of the railroad facilities is thus provided for.

The underpass is located a few hundred yards south of the South San Francisco station of the Southern Pacific. This grade at the lowest point is ten feet below sea level at high tide, which requires that it be thoroughly waterproof. In this respect it is similar to the subway recently completed on the Embarcadero in front of the Ferry building, which is 8.8 feet below mean high water. The Bay Shore subway, however, will have over twice the width of that on the Embarcadero.

To keep the water from coming up through the bottom of the subway will require under the roadway at its deepest point, a solid concrete slab four feet in thickness. This slab will extend the full length of the subway, but will decrease in thickness as the grade of the highway rises. This huge slab of concrete will be securely fastened to the heavy retaining walls of the underpass and the bottom and sides will be thorouglhy reinforced with steel. The construction is such that the subway has been likened to a huge concrete boat 1,200 feet long.

LAWRENCE WILL FILED; ESTATE LEFT TO WIFE

The will of the late William B. Lawrence was filed for probate this week. Lawrence was the superintendent of the Spring Valley Water Company's holdings, and passed away at his home in Millbrae on November 2. By the provisions of his will the whole of his estate is bequeathed to his widow, Mrs. Emma Lawrence, who was named in the will as executor. Mrs. Lawrence, however, requested that the Bank of Italy be appointed in her stead as executor of the estate. Kirkbride & Gordon of San Mateo are the attorneys in the matter. Hearing was set for the 27th of this month.

County To Start Highway Work

The road work necessary for finishing the part of the highway which passes through Redwood City will be done by the county by day labor according to a resolution passed Monday by the board of supervisors.

It was understood when the work was started that if the property owners would pay for putting the concrete shoulders on the highway, that the county would pave the central asphalt portion of the road. Bids were called for for this work, and only one bid was made. This was rejected by the board upon the advice of County Engineer George Kneese, who stated that the bid was too high. The action Monday was the first since that time.

It was thought cheaper to have the work done under the direction of Supervisor MacBain, than to advertise for bids on the work again.

Mayor Henry Beeger and Trustee Mark Ryan of Redwood City were present at the meeting to urge that the work be done before the wet weather sets in. Beeger thanked the board for their action.

LEE ROSS TELLS OF TURKEY AND GREECE

Lee Ross entertained the members of the Redwood City Kiwanis Club on Wednesday with an interesting talk concerning his recent trip through Europe. As the season of Thanksgiving is rapidly approaching the speaker took as his subject Turkey and Greece. The address was much appreciated by the members.

The meeting Wednesday was presided over by Dr. John N. Blood vice-president of the club, in the absence of President Hedge, who is attending the Kiwanis State Convention in San Diego. The chairman of the day was Robert Brown.

Before the main speaker was introduced, Roy Cloud gave a short talk on "Peace" in commemoration of Armistice Day. Each member was given a small silk flag, presented to the club by Mrs. Con. Drathman.

EXPECTS SUCCESSFUL SOLUTION OF "BOTTLE NECK" PROBLEM

Efforts to secure an agreement which will make possible the breaking of the "bottle neck" between Colma and the cemeteries on the peninsula highway entering San Francisco will be brought to a successful conclusion within a short time, according to a prediction made this week by William M. Tudor, manager of the good roads bureau of the California State Automobile Association.

Tudor has represented the Automobile Association at the various conferences between interested organizations and declared that he believed the financial solution of the problem is now in sight. He said he felt confident that the various interests will reach an agreement on an equitable apportionment of the costs which would make it possible to widen this section of the Peninsula highway to 80 feet and facilitate highway transportation to and from San Francisco.

RIFLE RANGE PRACTICE

It is desired by the local legion Post No. 105 that all who intend participating in the Turkey Shoot on November 22, drive up to the old Rock Crusher on the Hooper road (which is a continuation of Jecerson avenue) this Sunday morning and enjoy a practice shoot.

A large crowd is expected from the enthusiasm which has greeted the proposal on every hand.

The range is two hundred yards with an eight inch bullseye, and many of the local sports as well as those from neighboring towns, consider this an easy shot to make. There are many in this locality who have expert rifle badges and many others who never fired on rifle ranges but who are nevertheless expert shots who will be brought together, and it is planned to form an association, known as the Redwood Rifle Rangers from this nucleus.

A committee will be on the grounds at eight o'clock Sunday morning, and practice will take place during the entire day. Another committee will be busy placing the arrows along the highway directing to the range, and still another will visit the towns from San Francisco to San Jose with advertising matter.

COUNTY DAIRYMEN RATED EXCELLENT

Without previous knowledge to dairymen, the county milk inspector this week secured 46 samples of milk from wagons and creameries of the county. This milk was inspected and scored according to the official score card of the State.

In speaking of the milk inspection work in San Mateo county, Dr. McDonald, Supervising Milk Specialist, from Sacramento, said:

"The public in San Mateo county will now obtain protection through a graded milk supply as a resut of an investigation and official surprise scoring contests of all milk sold in the county just concluded by representatives of the State Department of Agriculture, Sacramento."

The milk inspecting department of San Mateo county has just been awarded state approval. Much praise was given the work of J. J. Garland, inspector for the local department, for his successful efforts in raising the quality of the milk to the required standard. State approval permits the local inspecting department to grade their milk supply.

The grading of milk is simply the classifying and labeling of the product according to a definite and regularly established quality standard.

The average milk rating for San Mateo county at this time was shown to be ninety-two per cent. Quality is never a matter of chances. Modern milk inspection is now a highly scientific and specialized activity and has proved to be one of the best investments that a city or county can make, inasmuch as it protects the people from adulterated, impure, or unwholesome milk, insuring a high quality product at all times.

Public confidence in milk inspection is shown through the increased consumption of milk which occurs where ever it is graded. The producer and distributor is also greatly benefited by inspection since it protects them from unfair competition and furnishes them with expert assistance in solving trade problems, thus being an important factor in the economy of production and distribution.

The grades of milk recognized by law are certified, guaranteed and grade "A." These grades are uniform and represent the same standard of quality wherever found in this state.

In order to secure the approval of the State department of Agriculture it is required that each organization meet the state standard of efficiency in the matter of conducting the field and laboratory work. This places the work of all approved milk inspecting departments on a uniform basis.

The milk examinations were conducted by M. E. McDonald, Supervising Milk Specialist, and H. E. Ball, Inspector Bureau of Dairy Control, Sacramento.

FRIDAY, THE 13TH UNLUCKY FOR GOMEZ

It has never been known to fail that when Friday comes on the 13th, that something happens to someone, somewhere. For this reason it has become considered that Friday, the 13th is unlucky. There is no doubt of it with Eddie Gomez, who was found guilty yesterday of burglary in the second degree and sentenced to San Quentin. Gomez was arrested some time ago for entering the Ryan Drug Store and helping himself to the stock.

P.-T. A. TO HEAR OF CHILD HYGIENE WORK

Dr. Lela J. Beebe, member of the state board of health and state child hygiene chairman of the Congress of Mothers and Parent-Teacher Associations, will be the speaker at the regular meeting of the San Mateo County Federation of Parent-Teacher Associations which will be held on Friday, November 20 at San Bruno in the Edgemont school. Mrs. Mabel Gregson, school nurse of Burlingame and county chairman of child hygiene, will introduce the speaker.

The business session will be in charge of the president, Mrs. L. G. Owens of San Mateo. As a number of matters of importance will come up for discussion a large attendance of P.-T. A. members is requested.

The executive board will meet at 1:30 and the regular session begins at 2 o'clock.

MENLO BASE HOSPITAL TO BE ENLARGED SOON

Plans calling for the expenditure of $300,000 for the enlargement of the base hospital at Menlo Park were announced this week by Dr. P. G. Borden in charge of the institution. The work of enlarging the hospital will be started soon after the first of the year, it was stated.

The hospital at Menlo Park has at present 614 neuro-psychiatric cases, resulting from injuries received during the World war. By a new ruling of congress this and other hospitals maintained by the United States government will be open to war veterans injured in civilian life as well as those injured in the service.

The Weather

THE weather is the editor's never failing friend. When he can think of nothing else to write about, there is always the weather. It has never been known to fail, for there has always been weather in the past, and it would appear that this condition will continue to exist for some time to come. But here in Redwood City we have a good and legitimate excuse to insert a paragraph now and then about our climate, for we do not know of any other place where there is so much climate, and so good. When we read of the snow and blizzards of the east, the cloud bursts of the north and the real estate agents of Los Angeles, we conclude that here at least is the perfect place.

A Menacing Task

SPEAKING of Armistice Day to one of our returned soldiers, he said that the war was not over for him. He has to cross the highway at Broadway three times a day. Dodging shells in France was nothing compared to dodging cars on the highway. Those of us who have occasion to make the crossing often wonder how it is that we haven't been killed.

The highway is getting to be a big problem for the residents of the west side of town.. We have seen more than one commuter miss a train because he had to wait for a number of cars to pass on the highway before he could crass.

Then there's the high school. Six hundred students crossing the highway twice to four times a day, especially at noon when the traffic is the heaviest. There is certainly a need here for some sort of engineering. We do not know whether the need is for a bridge or a subway, but the need is there, and should be met before human lives are lost.

—o—o—o—

A Useless Tax

FIGURES recently computed for fire losses in 1924 indicate that the loss due to fire in that year was fifteen million dollars more than in the preceeding year. The total loss by fire during the year amounted to about $5 for each person in the United States. It is further estimated that loss due to fire in the United States has increased 269 per cent in the twenty years preceeding 1923.

Speaking of conditions in the south, H. H. Wefel, writing in the Manufacturer's Record, writes:

"Riots and Rebellion would result immediately should Congress propose to tax southern landowners one dollar per acre every Fourth of July for fireworks. We landowners, however, submit to a tax at least as great, collected by the Red-Tongued Taxgatherer of the South—the Forest Fire. Had we rebelled against this tax twenty or so years ago the accumulated values in the form of sturdy young forests and thriving industries would be in excess of $5,000,000,000 today.

'It is high time we rebel. If we do not, twenty years hence will find us not simply as we are today, but facing the consequences in droughts, insect and fungus pests, reduced fertility of soil, eroding lands and insufficiency of industry based upon our own resources."

If forest fires have cost the South $5,000,000,000, what have they cost the nation? Forest fire prevention and protection measures cannot be adopted too soon.

Seven Years Ago

SEVEN years ago last Wednesday there occured in Europe the event for which the world had been waiting four years to hear. The rush of Central Europe had been broken and the invaders were driven from their prey. The event in itself a supreme moment of history, but the results of that event as forseen at that time, and as we still hope they may be far outshadow the actual signing of the armistice.

For centuries nation had fought nation, and each succeeding war, because of the progress of "civilization" had become more cruel, more bloody, more destructive than the last. At last it was felt that the limit had arrived, the ne plus ultra of savagery. "This is the last war," it was said. "After this there can be no more bloodshed."

With this in mind the men who died fought—died that their children might never know the horrors of a war. Since that time there has been no great war. A few minor squabbles are now in progress. Are they the dying embers of the flame which for centuries has torn down all that man has raised; or are they the match which like the murder of a grand duke, will plunge a world in war? There is no need of war, nor was there then. The world must learn that destruction benefits no one. Then there will be no war.

DR. MORGAN ELECTED COMMITTEE CHAIRMAN

Dr. C. L. Morgan of Halfmoon Bay was elected chairman of the committee recently appointed by the Board of supervisors of this county to consider the dedistricting of the supervisorial districts of the county, according to population. The election of a new chairman of this committee was necessitated by the death of W. B. Lawrence, who was elected to that position at the organization of the committee last month

Lawrence's place as representative of the First township was taken by W. J. Martin of South San Francisco who was appointed by Supervisor Thomas L. Hickey.

HORTICULTURAL SOCIETY TO HOLD WHIST PARTY

A whist party at which the prizes will include two turkeys, will be held next Friday evening in Menlo Park by the Menlo Park Horticultural Society. The affair is an annual event in Menlo Park and is always looked forward to. Many other prizes besides the turkeys will be won, and light refreshments will be served. A capable committee is in charge of the affair and is preparing to give every one who attends a first class good time.

S. P. Agent Tells When America Plays

Have you ever seen America at play?

According to C. A. Stone of Palo Alto, you may answer "yes," only if you have attended a large university football game.

Stone ought to know for he is the Southern Pacific ticket agent at the Stanford University town and has been responsible to a large degree for the adequate handling of the happy football crowds which come into the town with a rush and leave within a few hours.

A football fan himself, Stone says that the crowds at the large open air games are different from all other public gatherings in America in that a football fan comes to a game not to be entertained or delighted but to play and win the game from the sidelines. He claims that one need not be a psychologist to know how the cheering fans feel.

The Southern Pacific agent is all ready for November 21. On that day University of California and Leland Stanford Jr., football teams will clash before an expected audience of 71,500 people. Hotel keepers at San Jose, Palo Alto, Redwood City, Berkeley, Oakland and San Francisco have reported that fans from all along the Pacific coast have reserved nearly all rooms for the week end of the game. The railroad has announced a special rate of one and one third fare for the round trip from all points in California to Palo Alto for the game. To facilitate comfort and leisure in travel for many of the university alumni, the railroad has extended the return limit on the excursion tickets to November 30.

HUNTING ORDINANCE PASSED BY BOARD

The board of supervisors last Monday passed a resolution drawn up by the district attorney, and by him presented for the consideration of the board some time ago. This new ordinance makes the hunting or trespassing with fire arms on private property without the consent of the owner of lessee, unlawful. This ordinance was drawn up by District Attorney Franklin Swart with the view of protecting private property from wanton destruction by careless hunters and tresspassers, and also as a protective measure for the wild birds of the mountains.

Another measure proposed by District Attorney Swart will prohibit the shooting of quail in the First, Second and Third townships. The destruction of quail in this county during the past few years has almost exterminated that bird in this county, Swart declared. It is thought that this restrictive measure will result in saving the remnant which still exists.. This measure was laid over by the board because of the absence of Supervisor MacBain, as it is one which will affect his township. All members, however, seemed to favor the passage of this measure.

Horticultural Commissioner Advises Fall Spraying

The month of November is the ideal time for spraying, at least the first time, for a few of the plant diseases and insect pests prevalent in this county. Peach blight is one of these. This disease becomes active with the first heavy rains and may cause considerable loss to peaches and other stone fruits. A fungicidal spray such as Bordeaux Mixture or lime-sulphur should be applied in November to protect the young growth from injury. A spring treatment may also be necessary.

Brown rot is another disease, particularly of apricots, which may be very materially held in check by a fall spraying of Bordeaux Mixture, especially if the proper spraying is applied.

Of the insect pests, many of the scales and the eggs of aphids may be destroyed by an oil spray applied at this time. This applys, not only to fruit trees but to deciduous ornamental shrubs. Mealybug is also partially controlled by oil spray, dormant strength, at this time.

Nursery stock is being now shipped in considerabe quantity. During the month we have inspected 197 shipments of 357,587 plants, of which 166 shipments of 338,887 plants were from California points. The quality has been so far good, we having had to reject but 1976 plants out of the total.

Coal 75 Per Cent Efficient---How About Ice?

The scientific world is at present engaged in a controversy regarding the efficiency of coal. A piece of coal represents a certain amount of energy; or, putting it another way, it is capable of performing a certain amount of work. The question is, how much of its energy can be secured from coal and applied to practical purposes, such as driving a steam locomotive? Some scientists claim that seventy-five per cent of the potential energy can be utilized, thus making coal seventy-five per cent efficient. Others place the efficiency of coal at a much lower figure.

When this problem regarding the efficiency of coal has been satisfactorily solved, the deep-browed scientists might well turn their attention toward establishing the efficiency of ice. Based upon the amount of food which ice keeps from spoiling, its value as a means of promoting health and the hundred of good things for the table which it makes possible, the efficiency of ice must be somewhere around four or five thousand per cent. At any rate there is no question that a well-iced refrigerator represents economy all the year around.

CHURCH DEDICATION DRAWS BIG CROWD

Large numbers of residents of Redwood City and many visitors from out of town gathered at the three services Sunday in the newly completed Methodist Episcopal church on Broadway in the highlands. The church was completed last week at an expenditure of $35,000, and was officially dedicated Sunday afternoon.

The chief speaker at all three services was Dr. Tully Knoles, president of the College of the Pacific, and one of the best known orators of California. Dr. Carl Warner, superintendent of the San Francisco district of the Methodist church was also present.

The Methodists were congratulated upon the completion of their new church by the other Protestant organizations of the community, who joined with them in the evening services.

Billion Really a Vast Sum

When a billion is spoken of it means a huge sum to the average mind, but to express or visualize the sum in any unit that can be comprehended quickly is not easy. Probably one of the easiest ways of comprehending it is to imagine spending a dollar a minute and then realize that since the birth of Christ there had been only a little more than a billion minutes. By the end of 1925 there will have passed just 1,011,990,000 minutes.

Cleaning Without Odor by the F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded bp our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. t is little better than ordinary distillate and leaves a sickening gasoline smell in your clothes.

Excepting however, from such district, any and all public streets, avenues, ways, courts, public rights of way and other public property.

SECTION 6. Notice is hereby given that serial bonds bearing interest at the rate of seven (7) per cent per annum from their date shall be issued in the manner and form provided by law to represent assessments of $25.00 and over for the cost of said work and improvement. Said bonds shall extend from their date over a period of nine (9) years from the second day of January next succeeding the 15th day of the next November following their date and an even annual proportion of the principal sum thereof shall be payable, by coupon on the second day of January every year after the fifteenth of the next November following their date, until the whole is paid and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year after their date at the rate aforesaid on all sums unpaid, until the whole of said principal and interest are paid. Upon such bonds dated after the fourteenth day of May of any year and on or before the fourteenth day of the following November the first interest coupon shall become due and payable on the second day of the next succeeding January and upon such bonds dated after the fourteenth day of November of any year and before or on the fourteenth day of the following May the first interest coupon of said bonds shall become due on the second day of the next succeeding July.

Notice is hereby given that on Tuesday, the 17th day of November, 1925, at 7:45 P. M. at the Belmont Public School House in the Chambers of the Sanitary Board of said District, any and all persons having objections to the herein proposed work and improvements may then and there appear before said Sanitary Board and show cause why said proposed improvement should not be carried out in accordance with this resolution.

The Secretary of the Sanitary Board shall cause this resolution of intention to be published twice in the Redwood City Times-Gazette, a weekly newspaper published and circulated in San Mateo County, which said newspaper is hereby designated for that purpose by the Sanitary Board.

The Engineer of the Sanitary District shall cause to be conspicuously posted along the line of said contemplated work and improvement and in and along all of the above open streets within said district above described, and in front of all of the property liable to be assessed, notices of the passage of this resolution of intention in the time, manner and form perscribed by law.

All of the herein proposed work shall be done and the said bonds issued pursuant to an Act of the Legislature of the State of California designated "The Improvement Act of 1911" approved April 7, 1911, and amendments thereto.

I hereby certify that the foregoing Resolution was duly and regularly introduced and adopted at a regular meeting of the Sanitary Board of the Belmont Sanitary District of San Mateo County held at their regular place of meeting in the Chambers of said Sanitary Board at the Belmont Public School House in said district on Tuesday, the 20th day of October, 1925, by the following vote to-wit:

Plant Stimulation

Nitrate of soda is good for plants and flowers if used in moderation. It increases the vegetable growth, stimulating the foliage rather than the flowers. Too much will prove injurious.

The Slinger building on Santa Cruz avenue near the Mercantile Trust Company Bank, was sold this week to Mrs. Young, wife of Dr. Young of Palo Alto. It is said the sum of $14,000 was paid for the property.

Mrs. J. B. Gladstone has disposed of her attractive home on Menlo avenue and Doyle street to a San Francisco party. The sum of $5000 was paid for the holding.

Mr. Beardsley, formerly of the Base hospital, has opened a printing shop in the Coxin block. Mr. Beardsley was in charge of the printing department of the hospital up until a short time ago.

The rummage sale held in the Slinger building by Trinity Episcopal church this week was a decided success ,the ladies in charge working hard and netted a tidy sum for the church.

Local nimrods are getting their guns ready for the opening of the quail season on the first of December. The birds are quite plentiful on the near-by foothills.

Mr. and Mrs. Duncan Reynard motored to Modesto last week end to visit friends.

The ladies of the Las Lomitas P.-T. A. are meeting every Thursday afternoon at 2:30 at the school house to sew for their bazaar which will be held on Decemger 12th. Many beautiful articles have been made and donated which will be sold for the benefit of the school.

Comptroller of Customs J. J. Deane of San Francisco was a week-end guest of Mr. and Mrs. Leon Douglass. Mr. Deane often visits the Douglasses, they having been friends for a great many years. Mr. Deane is one of the best known men of the metropolis. He was a brother-in-law of the late M. H. de Young.

The old Flood pond of pleasant memory that is overgrown with weeds and willow trees is being cleaned out and prepared for a duck preserve. It was constructed in the latter seventies by the late James Flood, the Bonanza King, for his son, James L. Flood, who in his boyhood shot ducks there by the hundreds. It was a mecca for the hunters in other days. Large flocks of ducks would come in from the marshes and light in this fresh water pond to be shot by the hunter concealed in the nearby bushes. All old timers will recall the great sport had there. Mr. Flood was generous and always permitted shooting on the property. Some years ago the artesian wells furnishing the water for the pond dried up, weeds grew and overhanging willows almost filled the space so that there has not been shooting there for many years James Flood, the third, a duck hunter of more than ordinary ability, will be in charge of the new pond, there himself and friends will take the warry mallard, the coy teal and squaking sprig to their hearts content

Plans are out for the construction of new buildings at the Base hospital to cost nearly a half million dollars. Work will begin at once. The buildings will be erected close to the Willow road and that part of the grounds are to beautified in attractive lawns and shrubery.

The city council of Palo Alto has passed an ordinace prohibiting the sale of canned heat, a decoction that gives one on driking it a fighting jag. Many are drinking it for its jag qualifications.

Menlo Parlor N. D. G. W. will give a dance in the T. N. T. hall on the highway on Saturday evening. Nov. 21. Prizes are to be awarded for the Charleston and other waltzes. Come and secure these valuable prizes and have an enjoyable evning.

The new home of C. R. Henshel, the realty broker, will be completed in two weeks when the Henshels will occupy it. The new home is to be one of the show places of Stanford Park

The Menlo Park Improvement Association will hold a box supper in Van Horn's place this evening. A box lunch will be provided by the ladies to be auctioned the gentleman securing it will eat dinner with the one whose name appears in the box. Come and get a dinner. You may draw a modern flapper to help you eat it. This novel way of securing a dinner is sure to attract a large crowd.

The many friends of Mrs. John MacBain will be pained to learn that she is quite ill at her home. Mrs. MacBain is one of the best beloved women in the community and her numerous friends hope that she may soon recover.

Hans Agard, who has been in charge of the Menlo Park Riding Academy for the past three montns, is about to purchase the business and conduct it on his own account. Mr. Agard is an expert horesman, having many years of experiece in handling and driving horses. He will do well at the old stand, the Pioneer Stables.

Mrs. P. H. McGarr, with her family, will move to Fairfield, Solano county, next week to be near her sister, Mrs. Werner, whose husband passed away recently. Mr. McGarr will continue his position as superintendent of the grounds of St. Patrick's Seminary.

The Menlo Shoe Store will start an over-stocked sale of shoes today and will continue the sale for a period of ten days. There is to be a big slash in prices. Take advantage of them by purchasing your winter footgear. The prices cannot be any lower anywhere.

The Walter H. Linforth place on Middlefield road is the scene of activity these days incident to the establishing of a race track and constructing stables and out houses. The old Felton stable has been moved to the property Race tracks have been established.

Irving Hellmann, banker of Los Angeles, trainer of show horses, is abandoning his stables at Beverley Hills, and is moving here and will establish permanent quarters, it became known this week.

William Therkeldt, head trainer for Hellman, is already on the ground supervising the installation of a saw dust track for exercising.

Hellman, who controls 62 banks in the southwest, is one of the foremost breeders and trainers in the country. His string of 16 is regarded as one of the most outstanding in the country, and his purple and white colors have taken many prizes in national horse shows.

Between $30,000 and $40,000 will be expended for the installation of training tracks, stables and paddocks.

This is the first time since Senator Stanford's day that this district has been the scene of horse breeding and training.

FINE COMEDY COMING TO THE SEQUOIA THEATRE

"The Best People" From Popular New York Stage Hit

A dazzling success in the world of finance and a dismal failure at rearing a family is the study in contrasts strikingly shown in "The Best People," Sidney Olcott's newest production for Paramount, due at the Sequoia Theatre next Monday and Tuesday, Nov. 16-17.

A husband learns that, after he has rolled up his millions, he has entirely overlooked the welfare of his son and daughter, until it is forcefully brought home to him by the daughter falling in love with the family chauffeur and the son with a chorus girl.

The mother of the children is more alarmed about the ensuing disgrace to her than she is over the future welfare of the children. Incidentally, the children, who have come to mock and scorn the authority of the parents, feel that they are able to choose for themselves.

How this tangle is straightened out makes a mighty interesting picture and gives its own answer to the problem "who are the best people?"

Featured in the production are Warner Baxter, as the chauffeur; Esther Ralston, as the "different" chorus girl; Kathlyn Williams, as the mother. In the suporting cast are Edwards Davis, who plays the father; Margaret Morris, the daughter of wealth; Joseph Striker, cast as the son; William Austin, Margaret Livingston and Ernie Adams.

Bernard McConville adapted the story for the screen from the play by David Grey and Avery Hopwood.

"GRAUSTARK" FILMED BY NORMA TALMADGE

The kingdom of Graustark is in ruins.

With the completion of camera work on Norma Talmadge's new starring vehicle, workmen at once began razing the streets, castles and palaces which made the mythical kingdom a reality at the Metro-Goldwyn-Mayer studio in Culver City. The picture will be shown at the Sequoia Theatre next Wednesday and Thursday, Nov. 18-19.

"Graustark," as presented with Norma Talmadge starring in the role of Princess Yetive, is a modern romance centering in a mythical kingdom to the south of Europe. Eugene O'Brien enacted the role of Grenfall Lorry, young American adventurer, and others in the cast were Marc McDermott, Roy D'Arcy, Albert Gran, Lillian Lawrence, Michael Vavitch, Frank Currier, Winter Hall and Wanda Hawley.

Norma Talmadge has entered a vacation period of undetermined length. She probably will start in a few weeks on her next picure.

A Modern Roman Road

REACHING into her distant corners were the Roman Empire's military roads, built that the couriers or armies of Caesar might have highways that were dependable.

Through the industrial heart of America — from New York to Chicago—a highway for the voice has just been dedicated to service, likewise designed to afford dependability to its travellers. This is the world's longest telephone cable which, buried beneath the streets of crowded cities, and elsewhere held aloft on heavy poles, now offers communication facilities that are practically free from the hazards of storms and other dangers.

In affording rapid and dependable transit to thoughts voiced every minute between great cities, it serves a large territory both alone and as part of a national wire system that is being further extended through cables in response to the people's need.

"sure!"
you need ICE in the Fall

Don't be deceived by cool nights. Every day is warm enough to start bacteria breeding in your perishable foods. Germs start at 50 degrees, but long before food actually spoils much of its wholesomeness is destroyed. One reason for sickness among children is improperly kept food. Be on the safe side. Ice will pay for itself in food and health.
